This document is offered as a service to the Gàidhlig learning community, and may be distributed freely for use in learning Gàidhlig, so long as no charge what ever is made for such distribution. All other rights are reserved.

Index is currently complete, though in draft form, through chapter 13, page 165. I'll add entries as I continue study. Check the website for changes.

Comments and suggestions are welcome! I've been studying Gàidhlig for about a year, and there may well be errors that represent an incomplete understanding.

Things still to do on this index (these are mainly reminders to RudyJ)
lenition
slenderization
find main refs for present tense
verify backward pointers (e.g., for

ciamar (how) there should also be a
how (*ciamar*) entry) (done thru p.154)
add standard terms from other sources?
consider “x...see y” entries.
finish the book! **J**
